

Kerri Barton

Co-Founder and Product Leader

For years, Kerri and Bart worked together at BMC, Splunk, OutSystems and now Skillibrium. A 20-year Learning and Development professional, Kerri strives to create experiences and learning that people remember. She has held a variety of L&D and operational roles, including enablement director, adjunct instructor, e-learning and curriculum manager, principal learning experience designer and more. She's also consulted for enablement and training organizations at Snowflake, Applied Materials and IBM.
